Alleged victims deny sex abuse

Witnesses say sect has leaders worldwide, York is the founder

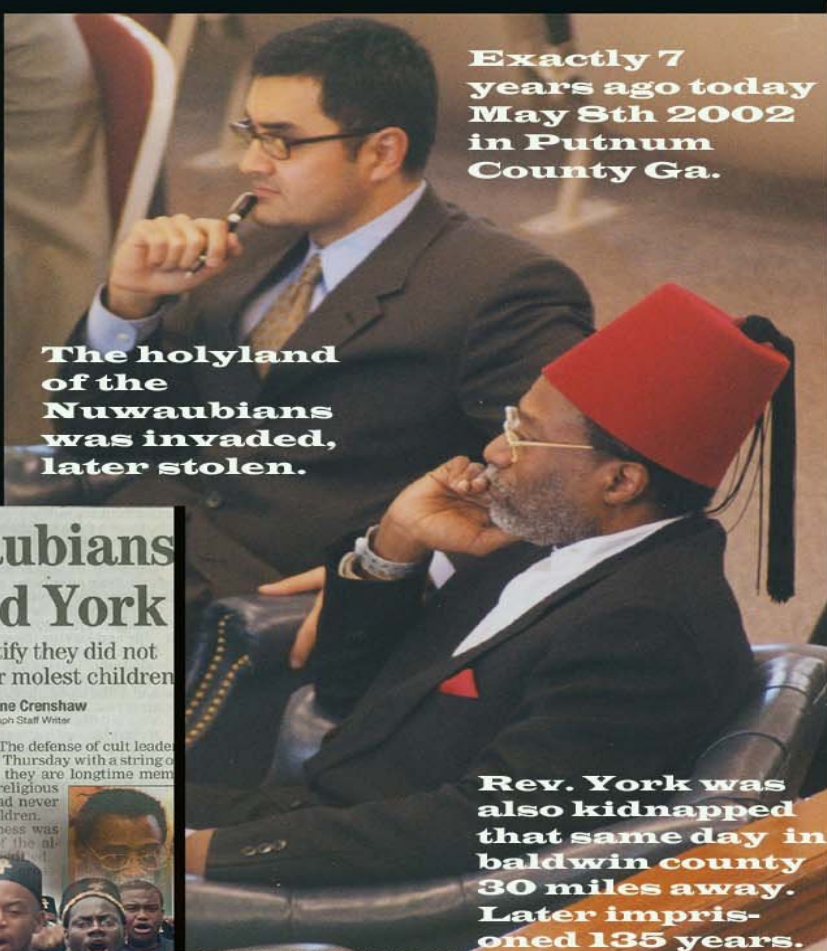

By Wayne Crenshaw
Telegraph Staff Writer

BRUNSWICK — Five alleged victims named in the indictment against cult leader Malachi York denied Friday that he molested them.

The women had been named by prosecutors as victims of a sex abuse scandal in a quasi-religious organization that York founded in the 1970s. The women, who are now in their 30s and 40s, said they never saw York in the organization.

"I never saw him," one woman said. "I never saw him in the organization."

Witnesses testify they did not see cult leader molest children

By Wayne Crenshaw

BRUNSWICK — The defense of cult leader Malachi York began Thursday with a string of witnesses who said they are longtime members of his quasi-religious organization and had never seen him molest children.

One defense witness was the father of one of the alleged victims who testified that York never molested his daughter.

Rev. York was

In the late 1900's, not too long ago, The Nuwaupian Nation walking with their Master Teacher Dr. Malachi Z. York, purchased 476 acres of land in the County of Putnam County, Eatonton, Georgia.

Dr. Malachi Z. York has guided his Students through many primary spiritual schools in order to prepare them to become aware of the Truths that can be realized in each of them. The Religious Schools of Moseism, {Judaism}, Christism (Christianity) and Muhammadism (Islam) are all found in the curriculum of Sound, Right Knowledge.

Back in the 1960's I heard The late great Honorable Elijah Muhammad say, "The Church is the Grave Yard of his people, The so-called American "Negroes".

Then, in the 1970's I read the Teachings of Dr. Malachi Z. York and he stated that it is better to "KNOW" than to just "BELIEVE" or

have "FAITH". True Rulers "KNOW" while their "Subjects" merely "BELIEVE".

Why Did Dr Malachi Z. York Move to Georgia?

Let us quote here what Dr. Malachi Z. York said in his own testimony transcribed from an interview in the ISLE OF PATMOS CD Series:

QUESTION: "Dr Malachi Z. York, now it's my understanding that the United States Federal Government has gained jurisdiction over this case because of the move that you made from NEW YORK to GEORGIA, sometime back in 1993. What was your reason for moving to GEORGIA ? "

Dr Malachi Z. York "Well, actually, we moved back down to Georgia because this is where our roots are. Our family's roots are in Georgia, from South Carolina to Virginia, all the way through to New York, SHINNECOCK Indian

(Indian Tribe) all the way to Pekoe; as far as Massachusetts: Massachusetts Indians, where a lot of our Family settled'. But our original roots we knew was down South in Georgia, in a place called **Al-Tamaha**, right? And, I always longed to come back home, so I finished my retirement in New York in 1988, I moved Upstate, New York, and I encountered so much...The Weather was so harsh in Upstate, New York ...The Weather was like freezing in The Catskill Mountains... I couldn't live with that Weather, so I told my consort, Kathy Johnson, let's find a place back down where our roots are. So, we found out that **Rock Eagle Mound** was there, so we said let's get somewhere near **Rock Eagle**, because my name given to me by my Great Grand-Mother: "BLACK EAGLE"; which is "BLACK THUNDER BIRD", and we wanted to be near our own Tribal Ancestors.

Why Dr Malachi Z. York Moved to The State of Georgia in 1993

tors: the Old Ones. So we moved down here, I moved down here. She didn't come down here... I moved down here, but I was rushed down here before I was supposed to come because of an attempted assassination on my life by **Arabs**, right? So that made me jump up one night , and grab my son, **Ismael**; whose

real name is **Dwight (York)** by the way, **Which is not my Name**, and one of my daughters, originally from Trinidad, came down here, to Georgia, to **PUTNAM COUNTY**, where we found the Land.

We bought the Land from a man who was from **HOLLAND**; He was Dutch, a very nice gentleman, and the Land was beautiful, it had nice lakes on it....didn't have much property

on it. And it was a good place to bring the Family, settle down, we were all settling down here and that was the only people who came... those that I was bringing down here."

QUESTION: Dr Malachi Z. York Now at some point in time you did move from Putnam County... did that have something to do with violations of Nuwaupian's Civil Rights violations?

Mayor Edward Koch Award Letter To Dr. Malachi Z York

The Mayor of New York City sent an Award Letter to Dr. Malachi Z. York and the ANSARULLAH COMMUNITY located on Bushwick Avenue, in New York. The Mayor commended Dr. York and his adherents for their success in cleaning up the Bushwick Avenue neighborhood from crime and drugs; thereby, making it a safer environment to live in. This area was once noted as one of the roughest parts of Kings County, New York.

Why Dr. Malachi Z. York Moved to GEORGIA

Dr. Malachi Z. York: "The Harassment by Sheriff Howard Richard Sills and his Klan members. They continued to harass us and stop us and intimidate us, and I didn't want it to break into nothing violent, or someone to get hurt, especially myself and my family, or kids.

Sheriff Howard Richard Sills

So, I decided it is best for me to relocate to another part of Georgia, where our seed is also, which was **Clark County, in Athens, Georgia.** So we went over there, we rented an Apartment over there, for a while, to search out a house. Then, we found an apartment to move into, and then from there, we did some research with a Realty Broker and brought the Property. Then we went to Court to file for a Business License so we could set up and operate a business from inside our house. It was legal to set up a business inside one's home. So, we set up a legal business, went downtown, registered the business; a mailing business, to distribute our books, it was time for me to come to our organization, and set up there, and we were doing real well for a while until **Sheriff Howard Sills** found out where we were at and he started his harassment over there too.

QUESTION: Right now the Property, as far as the research I've done, reveals that during FEBRUARY 2002, there was a Civil Case on **CDI-1**, if I'm not mistaken. At that point in time **Judge Hugh B. Winkler** put on record that the **476** acres of property in EATONTON, Georgia's Putnam County did not belong to you, is that correct?

Dr. Malachi Z. York: That's correct, and in fact, he made a statement that was very clear that I have no interest; it is very important; for, that takes up all the monetary interests..... "He has no interest in the property". I have no interest in it and nothing to gain, nothing to lose. But, that does not give me the right not to visit there. I can visit there like anybody else. I wasn't restricted or banned, you follow? But it is not my property, I did not own the property, because the property was owned by the EVANS FAMILY, the RICHARDSON FAMILY....

QUESTION: Okay how did this case, first, develop? I'm talking about the media case? I've done my own research, on the characteristics of a PEDOPHILE, and I remember back in May 2002, that Sheriff Howard Richard Sills classified you as a pseudo-pedophile, which blatantly violates your constitutional rights.

Dr. Malachi Z. York: He is a very sick man.

Seven people linked to the United Nu-
waubian Nation of Moors have filed a fed-
eral lawsuit against Putnam County Sher-
iff Howard Sills, saying he did not act
quickly enough on reports that children
were being molested at the group's head-
quarters.

Sills' delay in investigating the allegations
resulted in the plaintiffs' children suffering
"great pain of mind and body," the com-
p l a i n t s s a y .

The group's leader, Malachi York, was
convicted of molestation and other
charges earlier this year and was sen-
tenced in April to 135 years in prison.

The six filings all consist of a one-page
complaint stating that on Sept. 25, 1998,
officials with the state Division of Family
and Children Services informed Sills of
alleged molestation occurring at the
group's rural headquarters.

But Sills said Thursday the complaints are
b a s e l e s s .

"I wish it hadn't taken four years to com-
plete the investigation," Sills said. "That
would have been four years of hell my
community, myself and my family would-
n't have had to go through."

Each of the complainants is acting as his
or her own attorney, court records show.
The complaints also each seek \$100,000 in
damages from Sills.

The Nuwaupian group moved to Putnam County from New York in
1993 and has recently changed its name to the Yamassee Native
Americans of the Creek Nation.

Picture Of, Thought To Be, UFOs Seen By Thousands On The Holy Land "Tama-Re"

An Angelic Being Watches Over As Nuwaupians Play Sports At The St. John's Day Festival

This has been the most spiritual, peaceful and exciting Saint John the Baptist Day that we have ever had. Many of the people who attended had expressed the same feeling, that this year was something special. Everyone could feel it! The look in their eyes, the

warmth, the love, everybody knew that something was happening. Something no one on Tama-re could doubt. The energy that penetrated the Al Mahdi Shiner Park was so positive and enriching to the soul that you forgot about the woes of the world. When entering the

Pylon into this magnificent "step into the past experience" Ancient Egypt today "Tama-Re, Egypt of the west", the people were all at peace. This caused the time for the event to be extended from two days to four days. Look at the pictures. And see what is thought to

be a UFO hovering over the black pyramid. The craft split into two. No this is not the moon. Thousands of visitors saw this craft split in two. The smallest one if you look closer is shaped like a space craft. The covenant is back and the forces are with us.

Tama-Re, The Sacred Land of The Nuwaupians totaled 476 acres. Of the 476 acres, 19 acres of the 476 acres were developed into "Little Egypt of The West Embassy". It's Nuwaupian Name, TAMA-RE, is translated "The Land of Water and Sun" (TA = "Land"/MA = "Water"/RE = "Sun"). Yes! And, all this has taken place in THE WEST, the United States of America. All this fulfills an age old Ancient Egyptian prophecy that also can be found in the teachings of the MAYAN Native Americans, the Sunnah of the Orthodox Sunni Muslims, and the higher degrees of some of the Masonic Secret Orders; and that is, "IN THE LAST DAYS THE SUN WILL RISE IN THE WEST!"

We have an International Master Teacher, namely Dr Malachi Zodok York, who fulfills the prophecy of The Book of MALACHI in the Bible, Chapter 4.

His middle name "ZODOK" is a Hebrew word and means "RIGHTEOUS". And, it is a fact that one of Dr. Malachi Zodok York's Egyptian names is ATUM-RE! What does atum re **ATUM RE** mean? It is written in Heriatic Nuwaupic and is translated in English as "**RISEING SUN**".

They came with body bags and terrorized Nuwaupian children by putting automatic weapons to their heads and verbally abusing them!

The Putnam County Local Sheriff Department and FEDS Raided Nuwaupian Land

Again, They (Conspirators) later INVADED, STOLE, and then DEMOLISHED TAMA-RE before selling The Nuwaupian's 476 Acres Of Land for \$1,100,000.00 (one million, one hundred thousand dollars). Then, they brazenly split up the sales money that should have gone to the original Nuwaupian Owners between themselves!

Dr Malachi Z. York is INNOCENT! He has been tortured consistently and transferred 16 times to 10 different Federal Penitentiaries of which two were SUPERMAX Segregated Housing Units called SHU facilities. Dr. Malachi Z. York was abused and put under great duress, behind the Cotton Curtain, in The State of Georgia Jails! The Conspirators are even stealing his Commissary sent to him by devoted family and fellow Nuwaupian Members! This is criminal in and of itself! It's no less than sticking up and robbing an innocent man!

This is a violation of Trust by Prison Officials employed to protect the rights of those detained in their custody! Furthermore, such dishonest unauthorized stealing of any inmate's Commissary Resources leads to great distress for a victim in their custody.

NUWAUPIAN'S SACRED LAND STOLEN & AUCTIONED OFF

L i e u t e n a n t o f I n f o r m a t i o n : A h a U a A t u m

In June of 2005 Demolition crews in Putnam County started tearing down the Egyptian Monuments and housing of The Ancient Egyptian Order in what was the Sacred Land of the United Nuwaupian Nation.

The 476-acre parcel was seized in 2004 by the U.S. Government after Dr Malachi Z. York, The Master Teacher of the Nuwaupian Nation and a Nazdir, divine figure to its members, was falsely convicted of racketeering and on six baseless child molestation-related charges. There was no DNA evidence and the so-called victims have since signed and certified affidavits testifying that the child molestation charges were lies. Nevertheless Judge Ashley Royal sentenced Dr Malachi Z. York to 135 years in Federal Prison (The Belly of The Beast).

The 476 acres of Nuwaupian Land located in Eatonton, Putnam County, Georgia is a little more than an hour southeast of Atlanta, was sold Wednesday for \$1,100,000 (one million, one hundred thousand dollars) to a developer, said U.S. Marshal's Service spokesman, Dave Turner. The new owner, Milledgeville developer Lawson Lawrence, plans to sell the property soon. He said the rolling land made up of pasture, woods, and four lakes would be a perfect "retreat" for somebody.

Sheriff Howard Richard Sills, stalked and harassed Dr. Malachi Z. York during a lengthy investigation and legal battle. The News media recorded Sheriff Sills as he operated a front-end loader and tore down the arched gate to the Sacred Tama-Re Land Entrance. It came down easily. "Typical Nuwaupian style — stucco and Styrofoam," Sills said as he mocked his demolition of Nuwaupian construction.

Sills was stationed outside the property Friday morning, according to Journalist **Bill Torpy** of the **Atlanta Journal-Constitution**, and spoke with relish as he watched crews tear through the series of obelisks, statues, arches, and buildings; many of the dozens of structures which stood on the 19 acres of Nuwaupian Sacred Land.

The hate-filled Sheriff Sills reportedly stated, "It feels good to tear down the SOB myself." He further bragged, "By the middle of next week, there will be nothing but a couple of pyramids. This place where so many despicable things happened is gone."

TAMA-RE was a place where African-Americans could visit in Georgia and learn of their Great History and Heritage, a Place of Quietude, and Peace. There were also people from all over the globe that came to visit TAMA-RE! Monks from Tibet, Africans from many independent countries of the Fatherland Africa! Chinese from China! Japanese from Japan! Europeans from Europe! They all came and saw Nuwaupians performing Ancient Egyptian Processions and Sacred Rituals of their Ancestors. Are these the "many despicable things that happened" that the prejudiced Sheriff Howard Richard Sills was referring to as he demolished Nuwaupian property?

In 1998, Sheriff Howard Richard Sills and other Putnam County officials, who were then battling the Nuwaupians over a building code violation, received letters that Dr. Malachi Z. York was molesting the children of his followers. But the first victim did not come forward until 2001. However, Sheriff Howard Richard Sills and the Conspirators didn't arrest Dr. Malachi Z. York until May 8th, 2002! WHY? If they knew Dr. York was molesting children since 1998 why wait four (4) years before charging him as a pedophile for Child Molestation?.

In January 2004, a stream of witnesses, both females and males, testified during a three-week trial that York had molested them repeatedly over the years. One victim said the abuse started when she was 8. Yet, when eight (8) alleged victims certified by video an

Prosecutors described a culture in which York was the unquestioned ruler and was variously called Dr. York, Isa Muhammad, Baba, the Master Teacher, and the Savior. He founded the organization in a crime-infested area of Brooklyn, N.Y., more than 30 years ago and moved the group to Putnam County in 1993.

DR. MALACHI Z. YORK'S HOME STOLEN BY CONSPIRATORS

The Nuwaupians, guided by Dr. Malachi Z. York built a series of pyramids, obelisks, and statues on TAMA-RE in Eatonton, Putnam County, in the State of Georgia and then got in repeated legal and zoning disputes with racist county officials.

At least 200 members lived on the land at one time. However, very few of the Nuwaubians still live in the area, due to the Gestapo type Raid and illegal confiscation of Land and property.

Athens, Ga. -- The Conspirators against the Nuwaupian Nation, also, confiscated the home of Dr. Malachi Z. York who owned a Mansion in Athens, Georgia. It was here that the conspirators claimed crimes of child molestation had occurred. All Lies!

Dr. Malachi Z. York was even given a false name by the conspirators....“Dwight York” ... after being railroaded by bigoted Federal Judge Ashley Royal who over sentenced Dr. Malachi Z. York to 135 years in Federal prison. Dr. York is now serving an unjust 135-year prison sentence on federal charges of child molestation and RICO racketeering charges.

Nuwaupians in the Athen's area continue to show up and check out the nine-bedroom house at 155 Mansfield Court in West Athens which was once owned by their Master Teacher, Dr. Malachi Z. York. The U.S. Marshals Service plans to auction off the house, one of two properties that were seized after Dr. Malachi Z. York's conviction in January of 2004 (2 years after his arrest with no possibility of bail on May 8th, 2002).

It has been reported that No one has lived in the mansion for years, since Dr. Malachi Z. York's arrest in May of 2002. It was reported that two prospective buyers who inspected the property at one time - Brad Stephens, a Duluth home builder, and David Felt, an Athens attorney - were considering a bid as partners to renovate the mansion and resell it for a profit.

The size of the 8,309-square-foot house might scare away buyers more than the lies about Dr. Malachi Z. York, its previous owner, according to a Caucasian developer.

The minimum bid in the online auction, which closed at 3 p.m., was \$420,000. As of late Tuesday afternoon, auctioneers had only two bids, the latest a \$445,000 offer for the house that was confiscated from Dr. Malachi Z. York who bought it in 1998 for \$528,000. According to the Marshals Service, the house is assessed at \$840,000.

Dr. Malachi Z. York, a native of Brooklyn, New York, started The United Nuwaubian Nation of Moors in New York City in the late 1960s. The Nuwaupians moved to Georgia in 1993, with about 500 of Dr. Malachi Z. York's Adherents, settling on a 476-acre parcel of land in Eatonton, Georgia, called TAMA-RE, or “LITTLE EGIPT OF THE WEST EMBASSY”.

In addition, according to the Mansfield Court property, Nuwaupians bought the former Ideal Amusements Building on West Broad Street in Athens for \$385,000.

The Putnam County Sheriff's Office was presented a check after the sale of 476 Acres of land in Eatonton, Putnam County, Georgia for more than a half-million dollars, which were the proceeds from the sale of property seized from the Nuwaupians and their Master Teacher, Dr. Malachi Z. York.

Putnam County Sheriff Howard Sills said he didn't know if the \$545,985 check would cover the amount his department spent in the six-year investigation of York and resulting litigation.

"We expended a great deal of money over those six years," Sills said.

So, it is pristinely clear that the thefts of American white supremacist continue even now! Here we have hard working African Americans who are seeking to be righteous and productive citizens being victimized and robbed by the very ones empowered to protect them and uphold the Law of the Land (Human Rights, Civil Rights, and United States Constitutional Rights)! After breaking the laws of righteousness and moral decency, then they reward themselves with Nuwaupian hard-earned assets and Sacred Land.

Sheriff Howard Richard Sills' office was given \$545,895.00 from the illegal sale of The Nuwaupian's 476-acres of land in Putnam County, which was seized by the U.S. Federal Government in August 2004 and sold in June of 2005 for more than \$1,000,000 (one million dollars). The IRS received about \$99,270 (ninety-nine thousand, two hundred and seventy dollars) from the sale and about \$350,000 (three hundred and fifty thousand dollars) went to the Federal Bureau of Investigation (F.B.I.).

In addition, about \$750,000 to \$1 million worth of property and cash were seized in Athens from Dr. Malachi Z. York, but they have not been liquidated yet, said acting U.S. Attorney Pete Peterman.

When that property was sold, it was divided up into similar proportions to the same conspiring agencies. To our knowledge the alleged victims didn't get a dime. This is the same old Slavery actions perpetrated against the African Ancestors of old.

Kidnapping and stealing their Land, and re-naming them as chattle property of European White Supremacist.

- 1). They kidnapped Dr. Malachi Z. York on the streets of Milledgeville, Georgia, in broad day light.
- 2). They renamed him "DWIGHT YORK" which is a misnomer.
- 3). They raided the Nuwaupian Village of Tama-Re and threatened innocent African-American men, women, and children.

The predominantly white news media admitted that the seizures were intended to either take property used for crimes or paid for by criminal activity. However, there are no proven crimes perpetrated or committed by Nuwaupians or their Master Teacher, Dr Malachi Z. York.

The time has come for The Truth to be told. Therefore, we hope Nuwaupians, along with Dr. Malachi Z. York, get a Fair Hearing and be allowed to tell their side of this horrendous miscarriage of justice by both the United States of America's Federal Government and the Local Law Enforcement Agencies of the State of Georgia.

The news media reported it was Federal and Local Law Enforcement agencies involved that worked out how the money would be divided and that U.S. Attorney Max Wood approved the divisions. After robbing the Nuwaupians it was reported that Sheriff Howard Richard Sills said of the Nuwaupian case, "I've been a police officer for 32 years, and this is the best example I've ever seen of federal and local law enforcement working together." YES, and as Nuwaupian victims, we agree wholeheartedly. WE SEEK JUSTICE NOW!

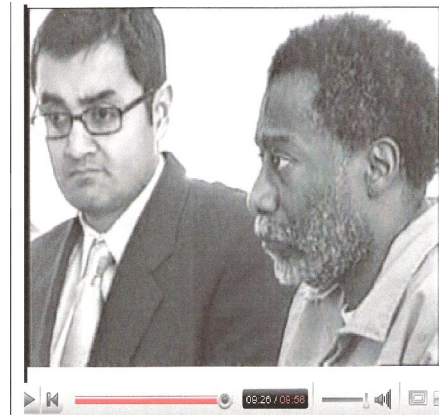

DENIAL OF MEDICAL TREATMENT TO DR. MALACHI Z. YORK

The article on the previous page indicates that this heinous crime of TORTURE that has been perpetrated by the U.S. Penal system for a long time. A few of the instances of deliberate TORTURE are listed below for all to see. Currently, His Excellence Consul General Dr. Malachi Z. York is imprisoned at Florence ADMAX in Florence Colorado, which is said to be the worst prison in the country. Presently, Dr. York is held in severe segregated isolation, being physically and mentally tortured, and denied of his prescription glasses, which gives him the ability to see.

1. Denied the right to practice his religion.
2. Denied phone privileges, visitation, or other means of public contact; only with family Friends and his Attorney.
3. He is currently suffering from a life threatening illness, known as Hereditary Angiodema, that has gone unmonitored for over three years without relief.
4. The health staff at Marion SuperMAX (Maximum Security) in Illinois forced him to be treated for High Blood pressure with a medication that conflicts with his illness, which will cause suffocation as well as seizures.
5. In addition to lack of treatment for Hereditary Angioedema (HANE), the Federal Bureau of Prisons has repeatedly denied PLAINTIFF adequate vision care and Dental treatment. This abominable neglect has caused PLAINTIFF discomfort and pain as well as deprived him of ordinary care.

Dr Bright did testify in court concerning Dr. Malachi Z. York's innocence. There is absolutely no DNA evidence. There are, also, denials from the alleged victims supposedly sexually abused and molested by Dr. Malachi Z. York!

A Video Tape Filmed in Court!

Federal Court Session litigating Dr. York's trial in The State of Georgia was posted on the Internet, which is a clear violation of his right to a Fair Trial. He was suffering from Sleep deprivation and under great duress when taken to court and forced into a plea bargain.

Dr. Malachi Z. York Falsely Arrested On May 8, 2002 By Brother Khnum Ka Ankh

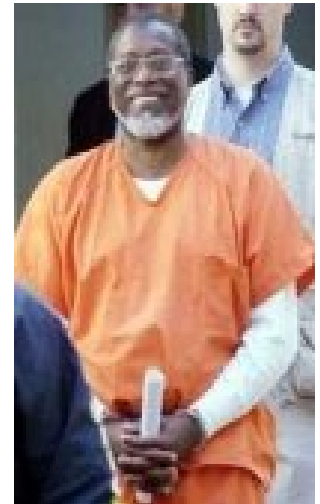

The Liberian government also offered 10,000 acres of land in Liberia to Dr. Malachi Z. York and the Nuwaubian community to develop as he did to Tama-Re, Egypt in the West. There were plans to put a bank on this land and grow farm products of fruits and vegetables, before the invasion of Tama-Re, Egypt in the West, by the Federal, State, and local law enforcement agencies on May 8th 2002. H.E Dr. Malachi Z. York

was also arrested on May 8th 2002 at Milledgeville, Georgia under the unproven charges of child molestation and RICO (Racketeering) activities.

This illegal arrest was executed, even as witnesses, Mrs. Dianne Vincent and our Messenger and Pharaoh, Paa Rasult Bastet, saw and heard H.E Dr. Malachi Z. York announce to the Federal

arresting authorities his Liberian government Diplomatic status; with his Diplomatic Passport, Red Back D/P#003828-04 and Liberian Citizenship Registry #108208.

This announcement was made too, in the presence of the arresting Federal officers at the time of his arrest in Milledgeville, Georgia on May 8th 2002.

Through unjust persecution and even torture while in prison, Dr Malachi Z. York shows strength and high spirits; and he continues to inspire and help all who know him.

He is INNOCENT and shall soon be Free!

DR MALACHI Z. YORK'S LIBERIAN STATUS

Despite H.E Dr. Malachi Z. York 's announcement of his Liberian Diplomatic status and Liberian citizenship, this declaration was illegally and blatantly ignored by the Federal authorities, which is in direct violation of his rights to Diplomatic

Immunity, according to Article 29 of the Vienna Convention.

Before his illegal arrest by the Federal authorities, H.E. Consul General, Dr. Malachi Z. York had built and started a church, school, and clinic in Liberia, West Africa. Isn't it strange that he was arrested before he could return to

his Fatherland, The Republic of Liberia, West Africa?

THINK ABOUT IT!!!

LIBERIAN CHURCH, SCHOOL, & CLINIC

Dr. Malachi Z. York is now prevented from administering over these developments in Liberia, due to his arrest on May 8th 2002 . H. E. Dr. Malachi Z. York was detained in the local Georgia State, and U.S. Federal prisons and was not given a fair trial until January of 2004; some two years later. Within

the 2 years of his illegal detention, H. E. Dr. Malachi Z. York was registered in the penal system under a misnomer (false identity) as Dwight York. Once the Liberian government attained information about his illegal arrest and detention, the officials contacted the State Department in Washing-

ton D.C. to have their Diplomat released in their custody. On June 14th, 2004, the Liberian Minister of Foreign Affairs sent a letter to the State Department to begin the process for H. E. Consul General Dr. Malachi Z, York's voluntary repatriation to Liberia, West Africa.
